**FROM:**

Mr. Bennett Evan Cooper, Ad Hoc Subcommittee Representative

**SUMMARY:**

The initial milestone in the development of the next strategic business agenda for the courts requires input from AJC subcommittees, including COT, in early May. At the November meeting, members directed an ad hoc subcommittee to brainstorm technology-related input and eventually review the technology implications of the business directions being suggested in the resulting draft agenda. That subcommittee has crafted a set of conceptual items for review along with some additional project-specific items mapped to existing goals. As the subcommittee's representative, Ben Cooper will review the recommended content with members. Staff will record changes and additions that result from the discussion, but no time exists for another consideration by COT as a whole prior to the May deadline.

**STAFF RECOMMENDATION:**

Direct the subcommittee to make the changes members agree upon during discussion and meet the submittal deadline for the input to the next strategic agenda by AJC subcommittees. Further review will take place after all subcommittees have submitted their input to the draft agenda.

**ACTION OPTIONS:**

**MOTION – Approve the input of the ad hoc subcommittee for submittal to the committee developing the next strategic agenda for Arizona's courts.**

1. Approve the content proposed by the ad hoc subcommittee as presented.
2. Approve the content proposed by the ad hoc subcommittee but with changes, as documented.
3. Disapprove content proposed by the ad hoc subcommittee and direct them to provide new content by the deadline.
4. Table the discussion of content proposed by the ad hoc subcommittee until a later time.
